LUIZ RESENDE SILVA

MINING ENGINEER

BASc in Mining Engineering and Master's Engineering focused on stochastic orebody modelling and simultaneous stochastic optimization of mining complexes. Comfortable with fast-paced environments and both group and individual work, research experience and skilled in data analysis, coding and programming, optimization packages and machine learning techniques.

2445 Av. de la Salle, Mtl (514) 865-9226

EDUCATION

FEDERAL UNIVERSITY OF MINAS GERAIS - UFMG

Bachelor's Degree in Mining Engineering | 2016

McGILL UNIVERSITY

Master's Degree in Mining Engineering | 2020

UNIVERSITY OF TORONTO

Mineral Engineering Program

- Exchange Program
- Sep 2014 - May 2015 (Fall / Winter)

WORK EXPERIENCE

ACADEMIC INTERNSHIP

DEMIN-UFMG Mineral Research & Mine Planning Laboratory | Feb-Jul 2014

- Surveying campaigns data analysis and database management;
- 3D orebody modelling, reserve estimation and mine planning.

RESEARCH & TEACHING ASSISTANT

DEMIN-UFMG Mineral Processing Lab | Mar-Aug 2014

- Acquisition and organization of samples;
- Assisting undergraduate Flotation and graduate Mineral Processing classes.

ENGINEERING INTERNSHIP

Fisher Environmental | May-Aug 2015

- Phases I & II Environmental Site Assessment Reports;
- Project manager of drilling campaigns and sample acquisitions;

ENGINEERING TECHNICAL ADVISOR

EMATER-MG | Oct 2017-Jul 2018

- Environmental, geological and topographical studies;
- Productive environmental zoning surveys;
- Groundwater usage planning.

LANGUAGES

PORTUGUESE ●●●

ENGLISH ●●●

- TOEFL Certificate 2017

CPLEX	●●○
C++	●●○
PYTHON	●●●

SCHOLARSHIPS

SCIENCE WITHOUT BORDERS | CBIE

UofT - Lassonde Institute of Mining

Sandwich Graduation

COSMO CONSORTIUM | MASTER IN ENGINEERING

McGill - COSMO Stochastic Mine Planning Laboratory

- Graduate Excellence Award

CONFERENCE

SIMEXMIN CONFERENCE PROCEEDINGS

Paper: "Database Management - Mining Management"

- Topic: Creation of a mining project database, its management and use in the project's future stages;
